

AUDIBEL

Signature
SERIES

Small size.
Amazing sound.
Tailored for you.

Say hello
to the next big thing
in better hearing

Audibel Signature Series will forever change your perception of hearing aids

●

Virtually invisible

Rest comfortably inside your ear
where people won't see them.

●

Transparent sound

Neuro Sound Technology delivers sound the
way the brain intended—clear and true to life.

●

Custom fit for you

No two ears are alike, which is why each
one is fit to your unique hearing needs.

Only you need to know why you're hearing so much better

Everyone wants to hear their friends, family and the world. But not everyone is comfortable advertising their hearing loss.

Audibel Signature Series lets you have it both ways—delivering clear, true-to-life sound in advanced technology custom fit to hide discreetly in your ear.

Audibel Signature Series is **available in three styles.**

Completely-In-Canal Rechargeable

The world's smallest custom rechargeable hearing aid is also waterproof* and has up to a 38-hour battery life.

Completely-In-Canal

For those who want the ability to adjust sound settings on-demand, this hearing aid has your name on it.

Invisible-In-Canal

They don't make hearing aids smaller than this—or easier to use. You get exceptional sound with minimum fuss.

There's an art to custom

It takes care and expertise to build a hearing aid to each individual's exact specifications—and no one does it better or has done it longer than Audibel. Trust your hearing to the professionals.

"On one hand, I love that **no one knows I'm wearing them.**

On the other hand, they're so amazing that I want to show them to everyone I meet."
