

## Experience More of Life

Beltone Achieve

### Congratulations on taking the time to learn more about how hearing aids can change your life.

Hearing loss doesn't have to slow you down or stop you from living life to the fullest. With Beltone Achieve hearing aids, you can go to lunch with family and friends, attend a sporting event, watch a movie—the possibilities are endless. What are you waiting for? Make the most of each day and start making new memories with Beltone Achieve.

Beltone Achieve hearing aids are our best yet at helping you hear through the noise, so you can tune into life and conversations without missing a moment. They are designed for all-day comfort, easy connectivity and all-day use on a single charge.\* Paired with Beltone's signature service, you can expect a life-changing hearing experience that simply can't be matched.

\*All-day battery on one charge is based on average use time of 12 hours when streaming 100% of the time across all styles. Battery life can vary by use.

# Is Beltone Achieve right for you?

#### Do you:

- Have a difficult time understanding words, especially in crowded or noisy situations?
- Hear speech that sometimes sounds muffled?
- Frequently ask the people around you to speak more slowly and clearly?

If you answered yes to any of these questions, you could be experiencing hearing loss.

And you're not alone. According to the American Speech-Language-Hearing Association, more than half of all American adults report having hearing problems. And while most recognize the important role hearing plays in maintaining an active lifestyle and good health, **only 1 in 10 people experiencing hearing loss seek treatment.** 

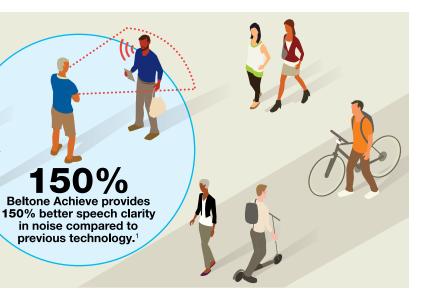

Ask your hearing care provider about financing and leasing options available to you<sup>\*</sup>.

# Hear through the noise.

Beltone Achieve hearing aids are our best yet at helping you hear through the noise. Be part of the conversation even in noisy situations—like packed restaurants, busy stores or big events. You'll also hear when something or someone is approaching from out of sight, such as a car or a person. With Beltone Achieve hearing aids, you won't miss a moment.

\*All-day battery on one charge is based on average use time of 12 hours when streaming 100% of the time across all styles. Battery life can vary by use.

#### **Styles designed for vour comfort**

#### Beltone Achieve Hearing Aid Styles

These hearing aids are our best yet at helping you hear through the noise, so you can tune into life and conversations without missing a moment.

Achieve miniRIE + Premium Charger

These hearing aids are our most popular style. They work with your unique ear shape to collect sound naturally and deliver an exceptional hearing experience. They are weatherproof and sweatproof and provide all-day comfort and high-quality sound you can always count on.

## miniRIE

Our smallest rechargeable style has a gently curved shape that rests low on the ear for a more discreet fit. Get all the benefits of the RIE in an even smaller design-without compromising on sound or comfort.

#### **Custom Rechargeable**

These hearing aids are designed to look like earbuds and offer a custom, comfortable fit, high-quality sound and rechargeable batteries that last all day. They're also weatherproof and sweatproof, making them an ideal choice, no matter your lifestyle.

#### Completely-in-Canal (CIC)

These hearing aids are so small, it's unlikely anyone will realize you're wearing them. Their custom design is tailored to you and offers all-day comfort. And because they fit inside your ear canal, they're protected from wind noise and offer a more natural hearing experience.

#### **Behind-the-Ear (BTE)**

Small, rechargeable and budget-friendly, Achieve BTE hearing aids can be matched to your hair and complexion to maximize discreetness. These user-friendly and reliable hearing aids are made with advanced technology to help you hear with confidence all day long.

## You're in control

Download Beltone's HearMax app to your smartphone to take control of your hearing aids. You can discreetly make changes, adjust settings Beltone and use the Find My Hearing Aids feature to locate your hearing aids when they're not where you left them.

#### With the HearMax app, you can easily:

- Use Find My Hearing Aids
- Use Check My Fit
- Control volume
- Switch programs
- Adjust noise reduction
- Focus your hearing aids on specific people
- Use Remote Care Live for virtual appointments

## Your hearing aids are protected

Your hearing aids represent a long-term investment in your health. When you choose Beltone as your hearing care partner, know that we are committed to protecting your investment.

#### With Belcare, you get:

- One-time replacement of lost, stolen or damaged hearing aids in the first year you own them (after deductible; applies to purchases made without insurance only).\*
- Complimentary annual hearing screenings
- Free hearing aid inspections and cleanings
- Care at any of Beltone's 1,500+ hearing care centers across North America
- Receive more powerful hearing aids at no cost to you if you experience measurable, worsening hearing loss within the first two years after purchase

You can be confident that your hearing aids are protected. Visit any Beltone office or call our patient care phone line to get the care you need.

\*Extended coverage options available through your Beltone provider. Hearing aids purchased through insurance and discount programs may come with pre-negotiated service plans. See your Beltone hearing care professional for more details.

The Come

The Beltone difference is in more than our hearing aids—it's in how we serve you, and our 35,000 5-star reviews show it.

25

"The receptionist is friendly, attentive and professional. I left Beltone in tears. I've been without hearing aids for over a year. My life has been miserable. The doctor did my hearing test, confirmed what I already knew and helped me get my life back in less than an hour. Five stars isn't enough. Thank you Beltone in Crestview, FL."

> **Beltone Patient** Crestview, FL

"John took the time to explain the hearing aid process to me and informed me about my deficiencies. The test along with the set up got my hearing back to what it was 10 years ago. He left the door open for future adjustments as necessary as my needs change. I am totally satisfied with my new life-changing devices."
