

# Make life sound extraordinary with Phonak Virto™ Infinio.

Unique just like you! Virto Infinio is the next era of personalised hearing solutions for mild to severe hearing loss from Phonak. Meticulously crafted, the Virto Infinio family of custom instruments boasts a modern design that is crafted to fit in your ear for optimal comfort. But it's not just about looks — Virto Infinio delivers exceptional sound quality.

- 93% customer satisfaction with exceptional sound quality and comfort from the very first moment<sup>1</sup>
- Fully automated, adjusting to your surroundings every step of the way
- Titanium is 15 times stronger than acrylic which allows shells to be built 50% thinner
- Experience ultimate personalisation with Virto 10 NW O Infinio in a variety of colours that highlight your individuality
- So discreet, others will barely notice
