

Power and performance

ReSound LiNX 3D™ 312 RIE Rechargeable

ReSound LiNX 3D Rechargeable has all of the features of ReSound LiNX 3D including superior sound quality with Binaural Directionality III along with ZPower®, a rechargeable battery with all day power.

What's more, patients will still be able to personalize their hearing experience with the ReSound Smart 3D™ app and have the benefit of direct streaming capabilities with Made for iPhone® connectivity.

Key Product Features

HOURS OF POWER

ReSound LiNX 3D Rechargeable hearing aids deliver continuous, uninterrupted power up to 16 hours with no streaming. They will last up to 14 hours with 2 hours of direct streaming.

WORN LIKE ANY OTHER HEARING AID

Your patients won't notice the difference from a traditional hearing aid and they won't have to worry about running out of power in the middle of the day.

1+ YEAR BATTERY LIFESPAN

At the end the battery's lifespan, they are changed in your office as simply and easily as a standard Zinc-Air battery.

CHARGES JUST LIKE A SMARTPHONE

A custom fit battery door allows the battery to be recharged without being removed so patients can place the entire hearing aid on the stand where it will be fully charged in just 4 hours.

Each order of the ZPower Rechargeable Kit comes with everything you need. Simply replace the battery door with the ZPower battery door following the instructions included in the kit. Each kit includes two battery doors, two rechargeable batteries and a charger base.
