Ready to connect

The power to stay in touch with friends and family or listen to entertainment is right at your fingertips.

So small, so comfortable

This small style feels natural offering our best wearing comfort. You almost forget you're wearing hearing aids.

Everything you need to hear your best

ReSound Nexia is top-rated by users for sound quality and hearing in noise.¹

Enjoy the future of connectivity

Ready for Bluetooth® Auracast™, the new standard and future of wireless connectivity.

Stream calls, audio and more

Simply double-tap** your ear or hearing aids to answer and stream calls from your mobile device. And, you can easily stream TV at the volume you prefer with the new ReSound TV-Streamer+.

Now you see it, now you don't

The ellipse-shape has soft, symmetrical lines and sits comfortably behind your ears.

Confidence with all-day power

These rechargeable hearing aids give you all-day* power. Place them in the charger while you sleep and they will be ready for your next day.

Join in conversations again

Focus on what you want to listen to without missing out on the sounds around you.

Enjoy beautiful, clear sound

Hear all-around clearly and talk without your voice sounding loud or artificial to you.

**TapControl is available in ReSound Nexia Micro RIE models only. For a complete list of compatible devices, visit resound.com/compatibility.

*All-day battery provides a maximum of 30 hours of use with typical use time of 24 hours on one charge or 20 hours when streaming 50% of the time. Battery life can vary by use.
